

## 3rd Annual Earth Advantage Home Certification

# 2014 Green Home Builder Awards Builder Nomination Form

The Earth Advantage Green Home Builder Awards recognize exceptional building practices and achievements. Builder applications are accepted for homes certified between July 1, 2013 and June 30, 2014. Self-nominations are encouraged. Judges will review nominations and awards will be presented during the annual Earth Advantage Golf Tournament on August 12, 2014. The builder need not be present to win.

### Deadline

Applications must be post-marked or received by **June 30, 2014**

### Award Type

**Please check which award(s) are being applied for. All awards except LEED are based on Earth Advantage Certified new homes.**

- Earth Advantage Custom Builder of the Year – 9 homes or less
- Earth Advantage Volume Builder of the Year – 10 homes or more
- Earth Advantage Low Income Builder of the Year
- Earth Advantage New Builder of the Year
- Earth Advantage Hall of Fame Builder\*
- LEED® Builder of the Year
- Lowest EPS of the Year

*\*Applications for Hall of Fame builders should include annual number of homes certified by Earth Advantage, notable projects, and industry awards and recognition during this time frame.*

### How To Submit

**Builder submittal should include the following:**

1. Statement of qualifications for award(s) selected.
2. Description of your holistic approach to green building. Highlight any innovations that directly improve the overall performance and sustainability of your homes.  
**Note: 1–3 pages for the statement of qualifications and description of approach.**
3. 3-10 high resolution project images. Identify the physical address of the home in each image with a sticker on back of image or in the image file name if submitting by email.
4. Submit by email, mail or hand carry.

*If you are nominating a builder, please provide all details to the nominee so that they can submit their materials by June 30, 2014.*

### Judging Criteria

Judging will be based on the builder's submittal package and data on file with Earth Advantage, including number of certifications, level of achievement, EPS scores, and performance testing results.
