Award Type

Please check which award(s) are being applied for. All awards except LEED are based on Earth Advantage certified new homes.

- Custom Builder of the Year – 9 homes or less
- Volume Builder of the Year – 10 homes or more
- Affordable Builder of the Year
- New Builder of the Year
- Hall of Fame Builder*
- LEED for Homes Project Team of the Year
- Lowest EPS® of the Year
- Most Silver Certified Homes
- Most Gold Certified Homes
- Most Platinum Certified Homes
- Multifamily Project Team of the Year
- Zero Energy Builder of the Year

**Applications for Hall of Fame builders should include annual number of homes certified by Earth Advantage, notable projects, and industry awards and recognition during this time frame.*

How To Submit

Builder submittal should include the following:

1. Statement of qualifications for award(s) selected.
2. Description of your holistic approach to green building. Highlight any innovations that directly improve the overall performance and sustainability of your homes.
Note: 1–3 pages for the statement of qualifications and description of approach.
3. 3-10 high resolution project images. Identify the physical address of the home in each image with a sticker on back of image or in the image file name if submitting by email.
4. Submit by email.
